MEMORANDUM ORDER

Marcus Tysms ("Tysms") has filed a self-prepared "Motion to Reconsider 28 U.S.C. 2255." As to the first paragraph of that motion, which charges that Tysms was deprived of constitutionally-effective counsel when he was represented by J. Clifford Greene, Esq. at the time he pleaded guilty, this Court orders that written responses be provided by attorney Greene and by the United States Attorney's Office on or before September 25, 2009. Tysms' second ground, which claims the absence of federal jurisdiction, is rejected as frivolous. Finally, Tysms' request for the appointment of counsel is deferred pending receipt of the previously-ordered responses to his motion.
